

## ST. ANDREW'S CHURCH DEVELOPMENT APPEAL

### ST ANDREW'S CHURCH, DONHEAD ST ANDREW

NEWSLETTER 19 - JUNE 2017

#### UPDATE ON THE DEVELOPMENT PROJECT

This is a very brief newsletter to let everyone know that **the Chancellor of the Diocese of Salisbury granted a Faculty on 30th May 2017 for the Development Project at St Andrew's Church**, as submitted by the Parochial Church Council. This means that the building work can start this year.

This brings to a conclusion the lengthy process that began in May 2016 when the PCC submitted the final plans for the Development Project to the Diocesan Advisory Committee. The DAC approved the plans without alteration in December 2016, which meant that the PCC was free to petition the Chancellor for a Faculty. The petition was lodged by the PCC in January 2017.

The PCC, the Development Committee and the Friends Committee will now take the Project and the Appeal forward. We plan to send out another, rather fuller Newsletter by the end of this month which will give everyone a comprehensive picture of the way forward from here.

**All members of the village community are invited to the Family Eucharist on Sunday 11th June 2017 at 9.30 am, which will include prayers for our village church and community, as we plan for the future. Refreshments will follow. All are most welcome.**

Our next Appeal event is advertised on the reverse of this sheet - 'Music for a Summer's Evening' - a concert by two very talented young professional musicians who are giving their services without charge in support of St. Andrew's Development Appeal. The programme will be wide-ranging with many well-known favourite works. The earlier start time will, we hope, encourage younger people to attend. We look forward to seeing you there.

*Richard Warhurst*  
Rector

*Simon Cooper*  
Church Warden

*John Jeffery*  
Church Warden
